UNITED STATES

GRADE & CONDITION: Three categories are employed for **unused** and three for **used**. "**VF**" is for very fine or better centered material after the year 1890, before this some will run fine to very fine. The second category is "**FINE**" and all stamps after 1890 will be at least fine with the perforations clearing the design in this category. Before 1890, stamps will have normal centering, which will range from average to fine depending upon the particular issue. "**S/D**" is for stamps with small defects or repairs but of a generally fine appearance. After 1890 all fine and very fine stamps will have original gum and are usually lightly hinged. Very fine stamps from 1940 through the modern issues and those designated with "nh" before the price are never hinged. ng=no gum. BLK=block, PR=pair, LPR=joint line pair, cert=certificate.
